

Dear Members!

We have crossed 'Ramanuja Millennium' before three years (2017). We 'participated in as well as heard about' many 'events and festivals' as part of the celebrations.

It is acceptable to all that '**Sri Ramanuja or His Millennium year**' are not just '**one-day shows or annual festivals**'. The '**fame and flame** of Sri Ramanuja' should be carried to every corner of the nation and then the globe.

We have two models; **personal reach** and **digital channels**. Both have their own strengths. Combining both, we have planned for a gorgeous and glorious '**Sri Ramanuja Dig Vijayam**'.

This project comprises three vehicles; an advanced '**LED propaganda van**', a '**mobile-temple of Sri Ramanuja and Sri Ranganatha**' and one '**Sri Ramanuja Ratham**' that depicts all tenets, authorities, events and objects of Sri Ramanuja tradition. These vehicles will be duly supported by equally well-equipped 'pilot, escort and support' vehicles for the procession.

We have planned to percolate into the entire society of '**Bharat and Nepal**', through these gadgets, carrying the '**message, mercy and mission**' of Sri Ramanuja. The project may take nearly **ten years** for accomplishment.

We have initiated the project now, with the 'purchase of a high-end propaganda van', embellished with two big size LED screens and other needed provisions. The cost is 62 lakhs and an additional amount of 18 lakhs (approximate) may be needed for **producing visual materials** and **publishing pamphlets**.

We wish that '**thousand members contribute 8000**' each and get the benefit and blessings.

Similarly, we **never collect or accept money** from **our proposed beneficiaries**, for 'journey, maintenance and other logistics'. Even in this project, aspirants can sponsor only after the approval of the management board.

Every participant will get the 'grace-commission' for **every person who is seeing Sri Ramanuja** and **every soul that Sri Ramanuja glances at**, in this '**long and grand**' journey.

VEHICLE DETAILS:

EICHER-Model PRO 1110 H CABIN &
CHASSIS PRM BSIV 7S 20FT

Length (sides) : 20 feet each side

Height: 10 feet

Width (front & back): 8 feet
